

AGEP SUMMER RESEARCH INTERNSHIPS—2009

Undergraduate students in the sciences, technology, engineering, or mathematics (STEM) are invited to apply for an exceptional summer research experience at Colorado State University in Fort Collins. This paid internship is provided by an Alliance for Graduate Education and the Professoriate grant from the National Science Foundation intended to increase the number of US citizens and permanent residents successfully completing quality degree programs in STEM fields. Particular emphasis is placed on supporting groups that historically have been underrepresented in STEM disciplines; African American, Hispanic, Pacific Islander, American Indian, and Alaskan Native.

BENEFITS:

- \$3,200 STIPEND
- Up to \$600 for travel
- \$1,700 for campus room and board
- Work with faculty mentor to conduct and present research
- Preparation for graduate school
- Social and Enrichment activities with McNair Scholars
- Enjoy summer in beautiful Fort Collins on the Rocky Mountain foothills.

PROGRAM DATES:

JUNE 1
TO
JULY 31,
2009
